

Hot Pot Stove

Hot Pot Stove

A slimline solid fuel cabin heater designed for boats up to around 30 feet (10 metres). Solidly made in the UK from cast iron and finished black with either brass or chrome fitments. It is supplied complete with two internal grids, ash pan and handle. Can be easily installed using the wide range of stainless steel fittings on this page. Weight 16kgs.

Key Features

- Cast iron construction for good heat radiation.
- Infinite air intake control to adjust heat.
- Positive front door lock for security.
- Slim body with small footprint.
- Will burn most solid fuels (not charcoal).
- Stainless steel installation fittings available.
- Safe and secure.

3126/BR Stove with brass fitments

3126/CP Stove with chrome fitments

Stainless Steel Flue System

This range of acid resistant stainless steel pipes and fittings are ideal for installing the Hot Pot stove. All parts push fit together and are compatible for a 70mm installation.

Flue Pipe

Available in four lengths

- 3130/SS/0200 Length 200mm
- 3130/SS/0330 Length 330mm
- 3130/SS/0500 Length 500mm
- 3130/SS/1000 Length 1 metre

Elbow

Available in two angles.

| | 3131/SS/45 | 3131/SS/90 |
|-------------|------------|------------|
| Angle | 45° | 90° |
| Length mm's | 165 + 165 | 185 + 185 |

Deck Flange

Available straight or with a choice of three angles to suit the deck camber. All deck flanges have a 160mm overall diameter.

- 3132/SS Straight
- 3132/SS/03 Angle 3°
- 3132/SS/06 Angle 6°
- 3132/SS/09 Angle 9°

Flue Hood

Compact round shape which is rain proof whilst producing a good draft. Fits securely on to the deck flange.

Height: 240mm (9½")

Top Diameter: 130mm (5")

3133/SS

Flue Guard

Stainless steel guard to minimise the risk of contact burns but still allowing heat to radiate from the flue. Also available in brass or copper.

3134/SS/0500 Length 500mm

3134/SS/1000 Length 1 metre

Flue Cap

To cap flue when hood is removed.
